## CREATING YOUR EXCEPTIONAL WOOD FLOOR

At The Wood Floor Company we believe that your new floor is crucial to setting the scene of your home interior. With endless creative possibilities our bespoke range has been designed to put you in control of your interior without compromise.

### Why commission a bespoke floor?

1. Endless combinations - You choose the design, dimensions, grade, texture, colour and finish.
2. All of our products are produced to order in the UK and carry the "Made in Britain" marque.
3. All of our products are made from the finest sustainable FSC European Oak.
4. You get exactly what you want without the hassle of "finding" the perfect floor.

**"DESIGN SHOULD BE AS UNIQUE AS YOU ARE"**

## MOBILE SHOWROOM

We aim to totally revolutionise the manner in which you buy your wood flooring and we are passionate about delivering a unique buying experience to every single client we deal with. We recognise people want to spend more “quality time” with their family and less time trailing around the shops so with this in mind we have developed our custom built mobile wood flooring showroom which brings the showroom direct to your home or office at a time that is convenient to you. All of our samples are at least 900 x 600mm in size so that you can fully appreciate the product in real context.

## ABOUT US

Founded in 2003, we are an independent, wood flooring specialist based in Darlington, County Durham in the North East of England.

With well over a decade's worth of experience (16 years and counting!), we supply and install beautiful wooden floors to exceptionally high standards, where no detail goes unmissed and no finish is compromised.

Whether our clients chose a supply and install package or a supply only package, we are passionate about delivering a unique buying experience to every single client that we deal with.

Our business is our life and our livelihood so it is vitally important to us that our clients feel welcome, special and without a doubt not just another sale. We build and nurture lasting relationships with our clients which is why our business has been built upon years of word of mouth recommendations, referrals and repeat business.

CHOOSE  
YOUR  
FINISHES

Choose your TEXTURE and TREATMENT from page 11 and your COLOUR and FINISH from pages 12 - 21.

Choosing a new wood floor can be a tough decision, not only is your new floor an important lifestyle choice it is also an investment so this decision shouldn't be taken lightly. We understand that there are a multitude of options so we have put together a very easy four step guide to help make the choice a little easier.

We use UV cured hardwax oil as our final protective layer which is available in Extra Matt, Matt, Satin & Gloss finishes.

We also offer a bespoke colour matching service to create your perfect floor, so please feel free to provide us with a sample you would like us to match.

**TIP** Use the MY CHOICES section on page 23 to keep track of your wish list.

Free samples are available for all product combinations. Please ask for more details.

## TEXTURES & TREATMENTS

### Brushed

Removing the soft grain enhances the texture of the timber.

Available in light, medium or heavy brushed.

### Aged & Tumbled

Each piece of flooring is tumbled to achieve an authentic aged look to the edges and surface of the timber.

### Bandsawn

Our bandsawn floors have traditional cut marks across the face of the floor and particularly suit retail and commercial projects.

### Fumed

100% Fumed  
– tones of deep dark brown/black.

Not only is it important to choose a texture and finish that suits your interior design goals; you must ensure that your chosen finish suits your lifestyle and maintenance requirements.

For more information on how to choose your texture and finish why not call us on 01325 952329 and speak to one of our specialist design consultants who'd be happy to assist.

### Light Smoked

Surface smoked – tones of light to medium brown.

### Medium Smoked

Surface smoked  
– tones of medium to dark brown.

### Dark Smoked

Surface smoked  
– tones of dark brown.

### UV Oil Finish

UV cured hardwax oil. Available in Extra Matt, Matt, Satin & Gloss finishes.

**CARE TIP** To help care for your new wood floor we recommend using Osmo Wash and Care for regular cleaning and Osmo Maintenance Oil to refresh the surface.

*We advise that you do not under any circumstance use a steam cleaner.*

For more information please refer to our care and maintenance guide.

# OUR COLLECTIONS

## Plank, Herringbone & Chevron

Our core range of 36 finishes are a few of our favourites to whet your appetite; with endless options of textures, colours and finishes available.

When choosing a plank floor you will need to consider the width and this will almost certainly be down to the look that you are going for. Generally speaking the wider the board the more expensive the product. Products range from 140mm through to 300mm wide, with the most popular width being 180mm wide.

Herringbone floors continue to be popular amongst home owners and commercial outfits alike - providing timeless, effortless style that epitomises quality and luxury. Classic in style, our herringbone blocks are available from stock and finished to order in 500 x 90 and thicknesses of 10/4, 15/4 and 20/6mm.

Our timeless 500 x 90 x 10/4mm chevrons are also available from stock and finished to order.

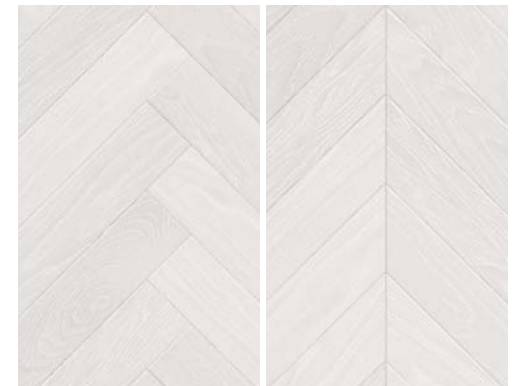

All other designs and dimensions shown on pages 8 & 9 are produced to order and are also available in the majority of our bespoke range of 35 finishes, with delivery times confirmed at time of order.

### Aged & Tumbled

Each piece of flooring is tumbled and hand worked by our skilled craftsmen to achieve an authentic aged appearance to the edges and surface of the timber. With our colour options you have all the benefits of modern engineered processes with the looks, character and charm of a reclaimed floor.

### Bandsawn

The surface of our bandsawn floors replicate traditional cut marks across the face of the floor, creating a beautiful rough-sawn texture which is available in all design options. Ideal for flooring or wall cladding in retail or commercial projects.

## SOMETHING DIFFERENT?

### TORCHED FINISHING

---

**Artistry of the flame.** A specially designed machine is used to accomplish the torched edges on our floors. This process is repeated to achieve the required result.

As with smoking and fuming the torched process reacts in different ways with the 'nature that is wood'. Wider grain and knots will not burn as fast as the wood around them, especially if that surrounding grain is closer together.

Whilst the effect will always show variation in finish, the position at which the torches are fixed in the machine is kept constant for consistency of the torching.

This process is only available in our range of plank floors on the long edges, not the short ends.
